

JOIN THE CORPS

We are looking to grow our team and further our reach to benefit individuals, communities, schools, and businesses. The UCCIE supports young people from San Bernardino and Riverside counties. We provide education and paid work experience in conservation and recycling services.

We're looking for men and women ages 18 to 25:

Who want to earn a high school diploma or GED

Who have a high school diploma or GED

Who want to earn industry-recognized certificates

Who want to gain career development and life skills

Who want to improve communities and our environment every day

Where no experience is necessary

Who want paid job training (enrolling monthly)

to attend John Muir Charter School

Our 12-month paid job training program is flexible and customizable with a balanced approach to providing both school and paid work experience at the same location and accepts enrollment at any time.

Call or e-mail us today to learn how you can team with The UCCIE.

WHAT WE DO

RECYCLING SERVICES

The UCCIE provides beverage container and e-waste recycling services in San Bernardino and Riverside counties. We collect and process e-waste, aluminum cans, plastic and glass bottles from businesses, nonprofits, schools, parks and parkways, special events, bars, restaurants and households.

COMMUNITY EDUCATION

The UCCIE provides recycling information and education to the community. Our Corpsmembers are knowledgeable and trained in providing information on recycling processes. We can provide materials or make a presentation onsite.

ON-THE-JOB TRAINING

The UCCIE offers comprehensive on-the-job trainings that give members valuable certifications to develop their skills for future employment.

HIRE THE CORPS!

Our qualified crews are available 7 days a week.

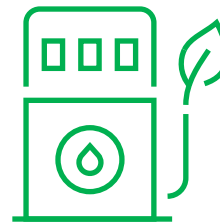

PARTNER WITH THE UCCIE

We work on restoration and recycling services everyday, whether it's building trails, clearing brush, or collecting beverage containers, waste tires, or e-waste. Take a look at our services to see how a partnership with us can benefit your organization and our community

Contact us today to begin work on your next project

THE
URBAN
CONSERVATION
CORPS OF THE
INLAND EMPIRE

WHO WE ARE

ABOUT THE SOUTHERN CALIFORNIA MOUNTAINS FOUNDATION

The Southern California Mountains Foundation is a nonprofit organization that believes connecting communities to our public lands is the key to their survival. We mobilize individuals to inspire and engage in environmental citizenship. The Southern California Mountains Foundation has a flagship program called the Urban Conservation Corps of the Inland Empire (UCCIE).

The UCCIE provides opportunities for young people from San Bernardino and Riverside counties a chance to better their lives through education and paid work experience.

“

The UCCIE gave me the skills, motivation, and experience to start a successful career in a field and environment that I love!

”

—Raymond Quiroz
Forest Service Resource Assistant

RECYCLING

SERVICES

CONSERVATION

SERVICES

BOTTLES AND CANS

The UCCIE provides recycling collection programs that provide sustainable solutions for businesses, schools, curbside collection, office complexes, government agencies, and campgrounds generating large volumes of California Redemption Value (CRV) beverage containers (aluminum cans; plastic and glass bottles). The UCCIE also provides special event recycling collection at large-scale community events throughout Riverside and San Bernardino Counties.

E-WASTE COLLECTION

The UCCIE provides e-waste collection and education services at no charge to our clients throughout Riverside and San Bernardino Counties. We take collections from businesses, nonprofits, households and government agencies and provide proof of destruction documentation upon request. We regularly partner with government agencies, nonprofits, and businesses to hold e-waste collection events.

USED TIRE COLLECTION

The UCCIE partners with local government agencies to identify public lands affected by illegally dumped tires and dispatch work crews to remove them responsibly. Our crews also host tire amnesty collection events for the public throughout the year, where community members can bring their used tires.

USED OIL

The UCCIE provides used motor oil recycling education to the community in Riverside and San Bernardino Counties. Our crews also visit Certified Collection Centers to ensure that signs are in good condition and posted so that they are visible from the street.

The UCCIE program allows opportunity youth from San Bernardino and Indio to gain valuable professional skills by completing conservation projects within urban and mountain communities. Types of projects Corpsmembers complete include:

Park maintenance and fence installation

Habitat restoration

Fuels reduction

Litter abatement

Trail building

Invasive weed removal

Tree planting

Conservation projects inspire and readies individuals for a lifetime of environmental stewardship and provides various public and private sector partners with a low-cost means to conserving our environment.
